Ferals are welcome at Ace of Spays

Please make an appointment BEFORE setting traps. We would rather have you cancel because you did not catch a cat then have extra pets at the clinic and become overbooked. Clinics are Tuesday and Thursdays. Drop off between 7:30 and 9:30 AM. Regular drop off time ends at 8:30 but we extend this for ferals in case you catch them a little after 8:30. Pick up between 4 and 5 pm on the same day. Sorry, we are unable to house cats overnight either before or after surgery.
