- Firmware Version: 3.64y
- Filename:
 - NB6: cfe-nb6-v364y_a2pb025c
 - NB6W: cfe-nb6w-v364y_a2pb025c
 - NB6Plus4: cfe-nb6plus4-v364y_a2pb025c
 - NB6Plus4W: cfe-nb6plus4w-v364y_a2pb025c
- Date: 17, April, 2009

Bug Fix

Fixed Adam PPP issue.

Upgrade Instructions

Please follow these steps to upgrade your NB6 Series ADSL2+ Modem Router (NB6/NB6W/NB6Plus4/ NB6Plus4W) firmware:

- 1. Connect to your NB6/NB6W/NB6Plus4/ NB6Plus4W using an Ethernet cable. It is advised that you do not perform the upgrade wirelessly.
- Open a web browser (e.g. Internet Explorer) and enter <u>http://192.168.1.1</u> into the Address bar:
