## COMRADE J

The Untold Secrets of Russia's Master Spy in America After the End of the Cold War

Spymaster, defector, double agent—the remarkable true story of the man who ran Russia's post-cold war spy program in America.

In 1991, the Soviet Union collapsed, the cold war ended, and a new world order began. We thought everything had changed. But one thing never changed: the spies.

From 1997 to 2000, a man known as "Comrade J" was the highest-ranking operative in the SVR—the successor agency to the KGB—in the United States. He directed all Russian spy action in New York City and personally oversaw every covert operation against the United States and its allies in the United Nations. He recruited spies, planted agents, penetrated security, manipulated intelligence, and influenced American policy, all under the direct leadership of Boris Yeltsin and then Vladimir Putin. He was a legend in the SVR, the man who kept the secrets.

Then, in 2000, he defected—and it turned out he had one more secret. For the previous two years, he had also been a double agent for the FBI: "By far the most important Russian spy that our side has had in decades." He has never granted a public interview. The FBI and CIA have refused to answer all media questions about him. He has remained in hiding. He has never revealed his secrets.

Until now.
