

UNITED CENTRAL
INDUSTRIAL SUPPLY®

SUBSIDIARY

National Mine
Service.

**THE RIGHT PRODUCTS.
AT THE RIGHT PLACE.
WITH THE RIGHT SUPPORT.**

www.unitedcentral.net

SINCE 1974, UNITED CENTRAL HAS HELPED NORTH AMERICA MINE OPERATORS DELIVER MORE TONS, LOWER COSTS, IMPROVE SAFETY, AND ENHANCE OPERATIONAL EFFICIENCIES.

- Product Management Team providing technical expertise and mine-site training
 - 24/7 emergency service and disaster support
 - 1,500-plus manufacturing partners
 - Over 70,000 line items
 - Exclusive items
 - Safety products
 - Electrical products
 - Cable products and cable repair
 - Hydraulics products
 - Material handling products
 - MRO products
 - Service, Repair, & Technical Division
 - Equipment rebuild and repair services
 - National footprint for timely response
 - 250-plus delivery vehicles with standard next day delivery
 - Inventory management services through vendor-managed inventories and on-site warehouses
-

Since 1974, we've been providing North American mine operators with quality supplies when they are needed, dependable and accurate rebuild and repair services and support with technical expertise gained through years of experience.

United Central Industrial Supply is the largest distributor of mining supplies in North America and specializes in helping mine operators lower costs per ton with timely service and a wide range of products and technical support.

WE FEATURE

- Partnerships with 1,500 manufacturers
- Product Management Teams to help mine operators with selecting the right products, inventory management, and maximizing mine level productivity.
- Delivering the products when customers need them from our strategic locations throughout North America.

WE DELIVER

The Right Products. At the Right Place. With the Right Support.

EXCLUSIVE MANUFACTURING PARTNERS

WE SPECIALIZE

The Right Products

- Product Management Team providing technical expertise and onsite training designed to maximize mine level production
- Exclusive relationships with 1,500 of the industry's leading manufacturers with over 70,000 items
- Focus on communication devices, electrical gear and components, electronics, gas detection, material handling, mine rescue, power transmission, safety and ventilation products, breathing apparatus and rescue chambers.

At the Right Place

- 25 strategic locations throughout North America
- Timely deliveries of products and service
- Unmatched efficiency in servicing our customers

With the Right Support

- 24/7 Emergency repair services by certified technicians across North America
- The right combination of products, technical expertise, on-site training and inventory management
- A Product Management Team that provides outstanding sales and technical expertise

The Right Products. At The Right Place. With The Right Support.
